Re: Letter of Commitment: FFY 2017 Personal Responsibility Education Program (PREP)

Mrs. Anderson,

Cedar Grove High School is pleased to submit this letter of commitment for Families First to apply for funding from the Georgia Division of Family and Children Services for the **FFY 2017 Personal Responsibility Education Program (PREP)**. Families First, Inc. has provided the Personal Responsibility Education Programming (PREP) for 2 years, which provides a range of services and activities that have a measureable impact on at risk youth with the intent to change behavior, delay sexual activity, increase condom or contraceptive use for sexually active youth or reduce pregnancy among youth. The program targets youth who are African-American and/or Hispanic; and/or are or were foster youth; and/or live in the south DeKalb and south Fulton counties and the City of Atlanta.

Cedar Grove High School's mission is to create a school culture wherein all students are committed to doing what it takes to graduate on time, to advance to the next level of their choice successfully where they will be productive, competitive, and lifelong learners. **Families First** supports that mission through their supportive programming that allows us to provide wrap around support to our students.

Cedar Grove High School has had a substantial and successful history of collaborating with Families First, Inc. in the past. We are committed to the following:

1. Provide meeting space for the evidence-based curriculum being offered by Families First.
2. Allow recruitment
3. Permit students to participate

Families First has been a great asset to our educational programming and has allowed us to support our students in a more comprehensive manner to ensure that we are addressing all the issues our youth face daily

Cedar Grove High School is fully committed to the collaboration proposed in the application being submitted to Georgia Division of Family and Children Services for the Personal Responsibility Education Program (PREP) being provided to the targeted population.

Sincerely,

Pamela Benford
Principal, Cedar Grove High School
